Homework 3

1. Imagine the specific community focus of the champion main subreddits, but without the endless spew of spam, and easily accessible champion specific information at your fingertips? Welcome to One Trick Pony! The premise of the App is to be a 1 stop, all purpose app for champions mains in League of legends. The general audience will be League of Legends players. It will include the common data as well as a match chart with tips and tricks, plus a discussion board for all members as a stretch goal. Specific champion community focus, as an general alternative to Reddit with the discussion board.
2. One Trick Pony: Mains United
3. This app will provide you the following features:
 - a. Specific match up data and tips for your main
 - b. Items and Runes patches
 - c. Moderated Discussion board
4. Sketches:
